DELHI DEVELOPMENT AUTHORITY

No. 01/17/83/14

DAT: D: 11-86

CIRCULAR NO. 124

The Lt. Governor, Delhi during his inspection of  
Murt-e-Saeed on 13.11.85 directed that in future the construction  
of houses should be taken up in any pocket of land only after  
adequately, a bridge and roads have been completed in the  
neighbouring areas. The rule should, in fact, be that development works  
should proceed till construction of houses and after develop-  
ment works have reached the advanced stage of construction  
the housing projects can then be undertaken so that the  
new development works and housing projects are completed simultaneously  
and after the houses have been allotted, the allottees are not  
subject to any inconvenience. The above instructions should be  
followed very strictly by the Engineers.
