

DELHI DEVELOPMENT AUTHORITY

No. EM.1(10)83/3364

Dated: 10&11.4.85

CIRCULAR NO. 93

On my inspections I find that all our road works are done without providing any camber plate on the site. It is not understood how camber is maintained without the camber plates. All officers are enjoined upon that no road work should be done without proper camber template please ensure strict compliance. Action will be taken against the defaulters.
