EM'S OFFICE

No. EM(10)03/29, 544

Dt. : 28.11.29

CIRCULAR No. 269

Sub:- Testing of materials at Quality Control Laboratory
Siri Fort.

It has been observed that the material for testing is generally being sent by the field staff to the laboratories set up by the respective Zones or by reputed laboratories or Govt. laboratories and materials for testing are not being sent by the Executive Engineers for testing in Quality Control Laboratories set up by DA, where facilities for testing coarse aggregates, fine aggregates, cement concrete cubes, bricks, white glazed tiles, mosaic tiles, flush door shutters, riveting test for aluminium fittings are available.

Henceforth, in addition to getting the materials tested in the laboratories set up by the Zones, atleast 25% of the test be got done by the Executive Engineers in the outside govt. laboratories like Quality control laboratories of D.O.A., C.P.W.D. laboratories, National Test Bureau, N.P.L. etc.

The above instructions should meticulously be followed by all Engineers.

V.S. Murti
(V.S. Murti)
Engineer M.C.

Copy to:-

1. AIICEs, DA with 25 spare copies from circulation among SIs & EE's.
