OFFICE ORDER

SUB: Authentication/verification of Aadhaar Card.

A letter Dt. 05.06.2024 has been received from the Vigilance Department regarding Authentication/ verification of Aadhaar Card, as in various mutation/conversion process, malpractices are being observed by using fake/ fabricated identity proof/documents such as Aadhaar Card, Pan Card, Death Certificate, Documents registered with Sub Registrar office, Voter ID card etc.

In this regard, all concerned officers and officials of Housing Department are directed to follow the instructions provided by the UIDAI (Copy enclosed) for the verification of Aadhaar Card. It is essential to ensure proper verification of Aadhaar Card submitted by applicant and record the same in the concerned file.

This issues with the approval of Competent Authority.

Sub: Regarding verification of Aadhaar Card No. xxxx-xxxx-3200 and xxxx-xxxx-3349.

Sir,

Please refer to your letter no. F.27(Misc)2023/418/Vig/AVO-12/1236 on the subject cited above, dated 14.03.2024

2. Information of Aadhaar number xxxx-xxxx-3200 and xxxx-xxxx-3349 has been sought. In this regard, I am directed to inform that the information may be provided subject to the following:

(a) That the Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 (Aadhaar Act) and amendment made vide the Aadhaar and Other Laws (Amendment) Act, 2019 restricts the sharing of information, collected or created under the said Act except as per the provisions of the Aadhaar Act or the Regulations framed there under.

(b) As per Section 33(1) of the Aadhaar Act, 2016 any disclosure of information (other than core biometric information), including identity information or authentication records can be made pursuant to an order of a court not inferior to that of a Judge of a High Court:

(c) The Proviso to Section 33(1) of the Aadhaar Act, 2016 stipulates that no order by the court under sub-section (1) shall be made without giving an opportunity of hearing to the authority and the concerned Aadhaar Number Holder (ANH).

3. However, a presented Aadhaar Card can be easily be verified by any entity in an offline manner, as under:-

a) The Secure QR Code, printed on the Aadhaar Letter or Aadhaar PVC card may be scanned by using the UIDAI "Aadhaar QR Scanner" app or the "mAadhaar" app, available both on Google Play Store and iOS App store.

b) The Secure QR Code is also available on e-Aadhaar (password-protected electronic copy of Aadhaar), which may be downloaded by the ANH downloadable from the UIDAI website or accessible using the mAadhaar app; and

4. The above process verifies the demographic details (name, gender, date of birth and address) as well as photograph of the Aadhaar number holder.

E. No. 40(22)/2017-EG-II(Vol-I)
Government of India
Ministry of Electronics and Information Technology

Electronics Niketan, 6, CGO Complex
Lodhi Road, New Delhi - 110 003
Dated 19 June 2023

Office Memorandum

Subject: Authentication/verification of Aadhaar

Aadhaar is being used by the Ministries, Departments, secretariats and offices of the Central Government and their entities for the purpose of establishing identity of individuals as a condition for receipt of subsidy, benefit or services for which expenditure is incurred from the Consolidated Fund of India or the State concerned. Further, entities permitted by Central law, such as telecom service providers, banks and Certifying Authorities licensed to issue Electronic Signature Certificates and other entities authorised under section 4(4)(b)(ii) of the Aadhaar (Regulation of Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 for the purpose of good governance, social welfare benefits, innovation and spread of knowledge also use Aadhaar.

With Aadhaar becoming integral to delivery to residents of subsidies, benefits and services, performance of certain functions mandated by law and, where authorised, for the aforesaid purposes, it has become increasingly necessary that Aadhaar-using entities ensure the authenticity of Aadhaar being used by them, and not rely simply on Aadhaar cards or other secondary sources purporting to represent Aadhaar data.

The authenticity of Aadhaar may be established either by online authentication of the identity of the Aadhaar number holder or doing offline verification of the digital signature of UIDAI on the QR code, e-Aadhaar or Aadhaar Paperless Offline e-KYC (XML).

Under the Aadhaar (Authentication and Offline Verification) Regulations, 2021, online authentication is available to Requesting Entities appointed by UIDAI. Such authentication may be done through UIDAI's eKYC or Yes/No authentication services, using the fingerprint, iris or facial biometrics of the Aadhaar number holder.

Offline Verification Seeking Entities may make use of any of the offline verification procedures provided for in the regulations to verify UIDAI's digital signature against—

- (a) the secure QR code, which is printed on the Aadhaar Letter issued to residents upon enrolment or the Aadhaar PVC card and may also be scanned by "Aadhaar QR Scanner" application available on Google Play Store and iOS Appstore;
- (b) eAadhaar (password-protected electronic copy of Aadhaar), which is downloadable from the UIDAI website or accessible using the mAadhaar app; and

5. The Secure QR Code is digitally signed by UIDAI and is tamper-proof. Links for downloading the apps are as under:

(a) "Aadhaar QR scanner" app:

<https://play.google.com/store/apps/details?id=in.net.uidai.qrcodescanner>.

(b) "m Aadhaar" app:

<https://play.google.com/store/apps/details?id=in.gov.uidai.mAadhaarPlus>

6. Further, general information (age-band, gender, state, and last 3 digits of mobile) about an Aadhaar Number Holder can be seen online by visiting UIDAI's official website i.e. <https://myaadhaar.uidai.gov.in/check-aadhaar-validity>

7. In this regard, MeitY has also issued OM regarding "Authentication/Verification of Aadhaar" vide file no 10(22)/2017-EG-II (Vol-I) dt.19.06.2023 (copy enclosed), which may also be referred to.

8. This is for your information please.

24.04.2024
(Deputy Director)
Enforcement

(c) Aadhaar Paperless Offline e-KYC (XML) (a secure, sharable document), which is downloadable from the UIDAI website or accessible using the mAadhaar app.

6. In this regard, it is also pertinent that regulation 16C of the said regulations provides that no Offline Verification Seeking Entity shall accept Aadhaar number in physical or electronic form (without authentication) as a proof of identity without first verifying UIDAI's digital signature.

7. For more details, the Headquarters or Regional Offices of UIDAI may be contacted.

8. Against this background, it is advised that suitable directions may be issued to all Aadhaar-using entities under the Ministry/Department/secretariat/office and any State-level counterparts to not accept Aadhaar number in physical or electronic form (without authentication) as a proof of identity without first verifying UIDAI's digital signature and to carry out online authentication where the Aadhaar-using entity is a Requesting Entity appointed by UIDAI.
