Nirman Bhawan, New Delhi-110 011.
Dated the 2nd November, 2000.

To

The Vice-Chairman,
Delhi Development Authority,
Vikas Sadan, INA Colony,
New Delhi - 110 023.

Sub: Role and functions of Delhi Development Authority.

Sir,

I am directed to say that the Government have noticed lack of clarity in the functioning of the Delhi Development Authority. In this connection, the Government would like to make the position clear as in the following paragraphs.

2. As a statutory body, the Delhi Development Authority has a planning role. In this role, it has to seek Government approval/ instructions in respect of specific matters as stipulated in the Delhi Development Act, 1957 (61 of 1957) and the rules and regulations made thereunder.
3. There is a separate Scheme, known as the "Scheme of Large Scale Acquisition, Development and Disposal of Land in Delhi". This Scheme has been approved/sanctioned by the Union Cabinet and is being administered by the Ministry of Urban Development. Under the Scheme, some agency-executive jobs have been assigned to the Delhi Development Authority and it performs those jobs in accordance with the executive instructions/directions issued from time to time by the Ministry. The development and allotment of lands for residential, industrial, commercial, institutional use etc., as well as for housing and for jhuggi-jhonpri/slums projects are carried out under the said Scheme. So is the position with regard to the price-mechanism and administration of Revolving Fund. Thus, in all matters pertaining to the "Scheme of Large Scale Acquisition, Development and Disposal of Land in Delhi", issuance of advice/instructions/orders is in the normal course of Government business.

Contd...2/-

4. A number of cases have come to notice of the Ministry in which the Delhi Development Authority has violated both the provisions of Master Plan and "Scheme of Large Scale Acquisition, Development and Disposal of Land in Delhi". Two examples are: construction of DDA Club and allotment of Master Plan Green land to a private party adjoining the DDA's Asiad Tower. Even Master Plan norms have been changed without specific approval of Government.

5. Under the Government of India (Allocation of Business) (Two hundred and forty - eighth Amendment) Rules, 2000, the overall control/supervision/responsibility of the following items, inter-alia, vests with the Ministry of Urban Development and Poverty Alleviation:

- i. Delhi Development Authority.
- ii. Scheme of Large Scale Acquisition, Development and Disposal of Land in Delhi.
- iii. Master Plan of Delhi, Coordination of work in respect of the Master Plan and Slum Clearance in the National Capital Territory of Delhi.
- iv. Administration of the Delhi Development Act, 1957 (61 of 1957).
- v. Allotment of Government land in Delhi.
- vi. Formulation of Housing Policy and Programme.
- vii. Urban Development including Slum Clearance Schemes and the Jhuggi and Jhonpri Removal Schemes."

6. All lands acquired under the "Scheme of Large Scale Acquisition, Development and Disposal of Land in Delhi" are Government lands. So are the other Nazul lands placed at the disposal of the Delhi Development Authority. Allotment of these lands has to be made in accordance with the Government Orders and the principles laid-down by the Government in this regard. Likewise, housing schemes/programmes carried out on the acquired lands or other Government lands have to be done in accordance with the Government orders and policies laid-down by it. So is the position with regard to the slum clearance work and Jhuggi Jhonpri schemes.

7. In all such matters and the items listed above, it is the Ministry that is responsible to Parliament and its various Committees, namely, the Parliamentary Consultative Committee, Standing Committee on Rural and Urban Affairs. In the last session, about 168 questions were tabled pertaining to the DDA and Land and Building Department, Municipal Corporation of Delhi and other local agencies.

8. It has also been noticed that Government orders and assurances given to the Parliament and to the Hon'ble Members in the Consultative Committees, have not been observed both in letter and spirit by the officials of the Delhi Development Authority. It is, therefore, reiterated that care should be taken to ensure that there is no deviation from the Master Plan

Contd...3/-

or its norms or the principles laid-down under the "Scheme of Large Scale Acquisition, Development and Disposal of Land in Delhi." In case of doubt, clarification should be sought from the Government before hand. Serious notice will be taken of any non-compliance of these instructions.

Yours faithfully,

(Nisha Singh)

- Subject : Unauthorised Encroachment and Illegal Constructions in Delhi

Sir,

I am directed to say that the menace of illegal encroachment/unauthorised construction in Delhi has been considered by the Government of India at its highest level and it has been decided to eliminate this menace with a firm hand. You are, therefore, requested to take strong and prompt action against all illegal constructions/unauthorised encroachments and also against misuses of land in violation of the provisions of the Master Plan of Delhi. The following measures are particularly required to be enforced strictly:

- (i) All illegal constructions should be demolished, not cosmetically but in toto.

Contd.2/.

- (ii) The cost of demolition should be recovered from the illegal builders within 15 days of demolition. In case of non-payment within 15 days, the amount due should be recovered as arrears of land revenue.
- (iii) In all cases of illegal constructions, prosecution should invariably be launched against builders under the Delhi Municipal Corporation Act, Delhi Development Authority Act, New Delhi Municipal Council Act, etc. and the cases followed vigorously with the police authorities/courts.
- (iv) Wherever the property is on lease, action should be taken under the terms and conditions of lease agreement and re-entry effected within the shortest permissible period under such lease agreement. After re-entry, physical possession of the property should be taken by invoking the provisions of Public Premises Eviction Act and damages collected immediately. The rates of damages/misuse charges should be the same as per the formula followed by the L&DO and approved by the Ministry of Urban Development.
- (v) In case of DDA flats, where constructions have come up beyond the condonable limits, cancellation of allotment should be carried out in addition to the demolition of the additional construction. Orders in respect of condonable and non-condonable items are being issued separately.
- (vi) In cases, where after demolition, reconstruction is done, personal responsibility of the officer incharge should be fixed and departmental action taken against him.
- (vii) In cases where illegal construction have taken place on rural - agricultural lands, action under the Provisions of the Delhi Land Reforms Act, 1954, should also be taken and such lands should be taken over as per provisions of the Delhi Land Reforms Act. Action in this respect should be taken as soon as the plots are cut by the colonisers and construction done in the shape of boundary walls, etc. In other words, construction should be nipped in the bud. If it comes up, it should be demolished immediately. Action in this respect should also be taken by the concerned local agencies / DDA as per the bye-laws pertaining to lay out / service plans, etc.
- (viii) In all cases where party obtains stay / status quo orders, prompt action to get the stay order vacated should be taken and higher court moved, wherever necessary.

Contd...3/-

- (ix) All Senior Field Officers should be asked to carry out physical inspection of the area under their charge and the Supervising Officer should also make surprise checks to ensure that the subordinate staff takes immediate action to check/demolish unauthorised construction. Deterrent action should also be taken against the subordinate staff such as Building Inspectors, Junior Engineers, Assistant Engineers, etc. who do not take prompt action.
- (x) Field officers should be asked to maintain field diaries and submit them to the Supervisory Officer regularly.

2. It is also requested that a monthly report should be sent to the Ministry of Urban Development by the 5th of each succeeding month.

3. In this connection, it may be noted that both the Parliament and the Parliament Consultative Committee have expressed deep concern, through questions and interpolations, over the rising menace of unauthorised constructions in Delhi and the suspected connivance of the staff of the different authorities in the matter. A Flying Squad has been constituted in the Ministry and if, as a result of findings of this Squad, it is found that subordinate staff has not done its duty or not carried out the aforesaid instructions, strict action against the Subordinate/Supervisory Staff would be taken by the Government.

The allotment of flats are made on cash down and hire purchase basis in the following percentage

Category	Cash down	Hire purchase
MIG-1979	50	50
LIG - 1979	50	50
Janta - 1979	25	75
Janta HRS - 1996	30	70

2. There were about 81,000 defaulting allottees and arrears on account of monthly instalments to the tune of Rs 410 crores were recoverable from them at the end of 1996-97.

3. DDA has been making best efforts possible and taking corrective measures like issue of defaulting notices, non-recovery certificates, cancellation of flats and eviction proceedings etc. as suggested by the Estimate Committee of Parliament and Advisory Council of DDA to enforce recovery. DDA has launched various hire purchase relief schemes for recovering its outstanding dues.

4. The DDA has further streamlines its recovery mechanism and it took a conscious decision of appointing Dy/Jt. Chief Accounts Officer as Assistant Collector Grade-I and Recovery Officer to function as Estate Officers.

As a result of these measures, the due arrears have come down to Rs 335 crores as on 31.3.2000.

Recently S/Sh. R.D. Sharma and S.K. Khurana have been promoted as Dy. Chief Accounts Officer and there has been a change in the incumbency. Sh. R.D. Sharma has been posted in place of Sh. S.P. Mitra, Jr. CAO. Similarly Sh. Khurana has been posted vice Sh. Prahlad Singh. We may request Honble L.G. that these new two officers may be delegated the powers of Assistant Collector Grade-I under the Punjab Land Revenue Act 1887 and also designated as Estate Officer under the public premises (eviction of unauthorized occupants) Act 1971.

This matter is regarding giving powers of Asstt. Collector Grade-I under the Punjab Land Revenue Act, 1887 and designate certain officers as Recovery Officers under the Public Premises (Eviction of Unauthorised Occupants) Act, 1971. We have the system of appointing Estate Officers are have given powers under the above mentioned Acts but their number is too low. For example, from the management side only one Jt. Director(Janta) has been given the powers of Estate Officer(Housing) while from the accounts side only one Dy. FA(H) was having these powers. This issue has been discussed several times in internal meetings, during the meeting with L.G. and Minister of Urban Development & Poverty Alleviation. It has been informed by the Finance Wing of Housing that the arrears pending against allottees due to non-deposition of monthly instalments and interest thereupon comes close to Rs.335 crores as on 31.3.2000.

The present proposal on the file from Finance Wing is to give the powers of Asstt. Collector Grade-I under the Punjab Land Revenue Act, 1887 and also that of Estate Officer under the Public Premises (Eviction of Unauthorised Occupants) Act, 1971 to Shri R.D. Sharma and Shri S.K. Khurana, the two officers who have been promoted as Dy. Chief Accounts Officer. We may have no problem in recommending the same and the approval of the L.G. may be taken on this.

However, conferring these powers only to two officers will not serve the purpose as the magnitude is large and we should give focus attention to this problem so as to reduce the arrears to the maximum possible. Only 3-4 officers who are having these duties only as additional charge will not serve the desired purpose, therefore, we have to think of new strategy to tackle the problem. Therefore, the following recommendations are made:-

1. All the Jt./Dy. Directors should be delegated these powers of Asstt. Collector Grade-I and Estate Officers for the arrears due against the respective categories of flats for which the Officer is in-charge on regular basis. At present a major grievance of the Estate Officer is that the DDA official do not turn up on the fixed dates of hearing and continuous postponements are regular practice because of that. Since the regular Dy. Director will be having control over their subordinate staff and also have a better idea about the pending dues, it would be easier for him to function effectively and cut the delays.
2. It is felt that a large section of officials and the Engineering Wing are under worked because of lack of construction activities. We may think of giving powers of Asstt. Collector Grade-I and Estate Officers to some Executive Engineers and/or Asstt. Engineers who will be selected for this purpose. Some of them should be given these charges on full-time basis and clear targets in terms of disposal of cases as well as for recovery of dues should be assigned to them so that their performance should be adjudged against these targets.

I have discussed these strategies with FA(H) and FM. By this manner we can have 15-20 Estate Officers and in a time bound manner, we can concentrate on recovery of these dues and in case of non-deposition of money, cancellations of allotment may take place and re-possession of the houses may be taken, if necessary.
