DDA ONLINE SCHEME FOR EWS FLATS AT NARELA

DDA has launched an Online scheme for disposal of EWS flats at Pocket-1A Sector A1-A4 Narela at concessional rates with 40% concession on construction cost on first - come - first - serve basis on 7.08.2020. The tentative cost of flat is 10.89-12.29 lakhs after concession.

A total of 916 flats have been included in the scheme. The scheme has elicited encouraging response. The income of the applicant should not exceed Rs. 3 lakhs per annum and the family income should not exceed Rs.10 Lakhs per annum. An amount of Rs. 10,000/- has been taken for booking the flat which is not refundable.

The purchasers can download the Demand cum Allotment Letters (DAL) online from the DDA website using their login ID and password from 28.08.2020 for making timely payment as per the Demand cum Allotment Letters. Demanded amount is to be deposited within a period of three months otherwise the flat will be cancelled.

DDA COMMENCES e-CONVERSION AND e-EOT SERVICES IN PLOTTED PROPERTIES

Delhi Development Authority on August 13, 2020 launched e-Conversion (from leasehold to freehold of plotted properties) and e-EOT (Extension of Time for construction in plotted properties) services so that general public can submit their applications online without visiting DDA offices. The new services were inaugurated by Shri Anurag Jain, Vice Chairman DDA.

These two new services are under the computerised in-house project Interactive Disposal of Land Information System (IDLI) System for plotted properties of Land Disposal Department of DDA. While inaugurating these two services, DDA Vice Chairman appreciated Shri Subu R, Commissioner LD and his team for this initiative. He also distributed certificates to the consultant and the programmer involved in this project.

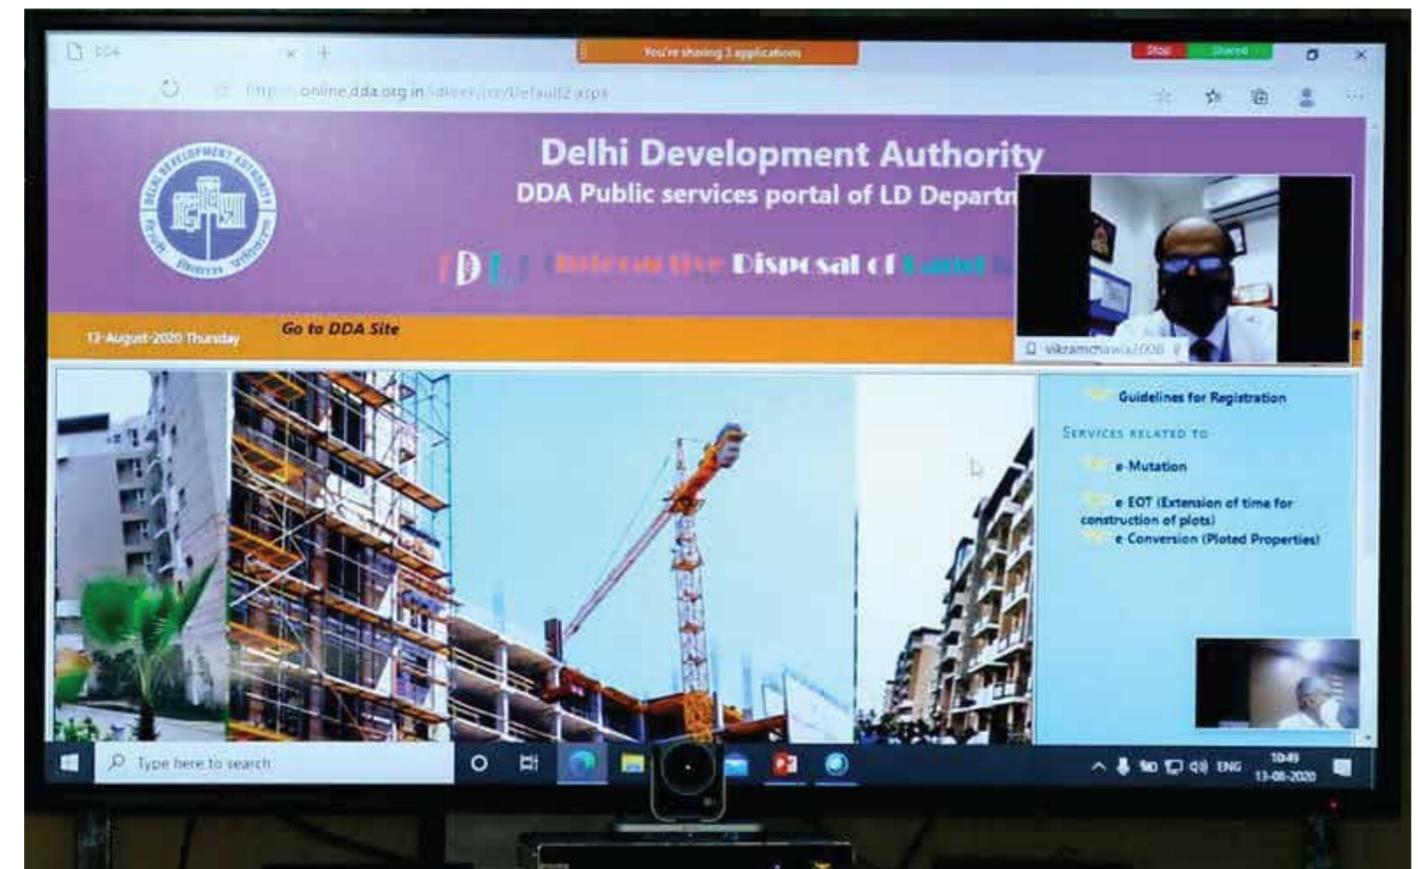

In July 2019, DDA launched e-Mutation (Online Mutation Application System) under the "IDLI System" for plotted properties which is running successfully. All the three services, viz. e-Conversion, e-EOT and e-Mutation are helping in applying for and monitoring DDA's online services especially to contain the spread of Coronavirus (COVID-19).

These services can be availed through a single username and password and no offline application for conversion and EOT (Extension Of Time) of plotted properties will be entertained after 11th Aug. 2020. It will help to reduce corruption and increase the efficiency of the services provided by DDA.

Inaugurating the new services, DDA Vice Chairman said, “Our goal is to bring-in the PM’s idea of ease of living to the general public and a drive towards Atmanirbhar Bharat”. He stressed the need for strengthening the Grievance Redressal Mechanism.

To apply for online Conversion Application, the applicant has to register with DDA Public Services portal of Land Disposal Department. The page can be accessed through DDA’s website www.dda.org.in under the ‘Online Public Service’ section. An OTP (One Time Password) will be sent to the registered email ID and mobile number of the applicant for login. After that the applicant will fill-in the applicant’s details, relationship with the allottee, property details, upload scanned copies of the requisite documents and make online payment of initial conversion charges / processing fee. A registration ID of “e-Conversion” and “e-EOT” will be sent through an auto generated email for future reference. Stage-wise alert will be sent to the applicant.

Under the IDLI System, DDA is also working on e-Restoration (restoration of cancelled lease of plotted properties) and e-Appointment (online public appointment). DDA is planning to take most of its services through online within this financial year. DDA has taken a comprehensive project for computerisation and e-enabling of its services, which it plans to complete within this financial year. The services inter alia include Bhoomi and Aawas system (All services from registration to Letter of Demand & Possession), Digitisation of Layout Plans, Vacant Land Monitoring through Remote Sensing System etc.
