#### PLEA FOR REGULARISATION OF COLONIES

## No punitive action in Sainik Farms till Dec 31, HC told

EXPRESS NEWS SERVICE  
NEW DELHI, MAY 19

WHILE HEARING a plea pertaining to regularisation of colonies at Sainik Farms, the Delhi High Court was informed Friday that the Centre, Delhi Development Authority (DDA), and Delhi government will not be taking any "punitive action" till December 31.

A bench of Chief Justice Satish Chandra Sharma and Justice Subramonium Prasad was hearing a 2015 plea moved by one Ramesh Dugar, convener of the area development committee at Sainik Farms, for regularisation of colonies in the area.

During the course of the hearing, the HC said that "it is for the Government of India to take a call" on the issue.

The court, however, noted that the Centre was clear that for repairs, whether minor or major, "not a brick more" can be laid in these colonies.

The bench, however, told Additional Solicitor General (ASG) Aishwarya Bhati, appearing for the Centre, "You have to take a decision whether you are regularising them or not... please try to resolve it at the earliest", and listed the matter in August.

Bhati had submitted that for repair and construction, there is no provision under the exist-

ing law to grant any permission. The ASG further said there was a meeting of a high-powered committee that took place Thursday.

Perusing through the minutes of the meeting, the HC noted that they "reveal that the Government of India/Delhi Development Authority/Delhi government will not be taking any punitive action till December 31, 2023" in respect of these colonies. The Centre said it shall expedite the matter of taking a policy decision in respect of these colonies.

The court did take note of the fact that householders should know what their future is, since they had spent a "huge amount of money" in constructing these homes.

The Centre in August 2022 had opposed any order for permitting residents of Sainik Farms to undertake any repair of their properties, submitting that though the residential area may have legal protection against demolitions, it is still a "purely unauthorised colony".

The Centre had previously told the court that there are 69 affluent colonies and 1,797 non-affluent colonies. A decision has been taken that the process of regularisation of non-affluent colonies will be undertaken first and only after the process is complete, affluent colonies will be looked into, it had submitted.

Hindustan Times

## HC tells Centre to expedite call on Sainik Farms' bid for regularisation

Richa Banka

richa.bank@htlive.com

**NEW DELHI:** The Delhi high court on Friday remarked that the residents of Sainik Farms cannot be penalised because they are rich while asking the Union government to expedite the decision on the regularisation of the colony in south Delhi.

A bench comprising chief justice Satish Chandra Sharma and justice Subramonium Prasad, while hearing a plea by Ramesh Dugar, convener of the area development committee at Sainik Farms, for regularisation, also questioned why the authorities have created categories of affluent and non-affluent while considering regularisation. The court's observation came after the additional solicitor general Aishwarya Bhati told the court that they are first attending to non-affluent colonies because of the problems these colonies might be facing.

"The point is that affluent, non-affluent is immaterial... An unauthorised colony is unauthorised, be it for the poor or be it for the rich. You have to decide whether you are regularising them. If you are not, then take action accordingly. The point is that we are keeping enough householders in limbo, so they should know what their future is," said the court, adding, "They have spent a huge amount of money in constructing their houses... They did not come overnight, it was right under your nose. We're in May already, you say that till December there is protection... decide before that what you want to do."

The matter will now be heard on August 25.

While hearing the objections of the Union government against minor repair works in the Sainik Farms area, the court took an adverse view to the submission made by ASG that the Centre was not prioritising the affluent unauthorised colonies.

"You cannot keep harping that you are taking action for the non-affluent colonies. They (affluent colonies) cannot be criminalised because they are rich... You are penalising them because they are rich," said justice Prasad.

Though the bench clarified that it cannot give permission for even minor repair works and it is for the Delhi Development Authority (DDA) and the Centre to take a call on the matter, it said that the residents of Sainik Farms cannot be kept in limbo just because they're rich.

During the hearing, the ASG told the court of a meeting of the high-powered committee which took place on May 18, and said that the Union government, Delhi government, and DDA will not take any punitive action till December 31, 2023.

However, the ASG clarified that there is no provision to grant permission for repair or construction since the colonies are unauthorised. Later she assured the court to take a policy decision at the earliest and file a fresh status report.

"Sainik Farms has existed since 1965 and all construction was made under the eyes of law, including the MHA, DDA and MCD. We have been paying house tax for residential category, the authorities have also provided us electricity and other utilities yet, we are termed unauthorised. The houses are in need of immediate repairs as some were constructed way back in 1965," said HS Bhalla, president Western Avenue Resident's Welfare Association, Sainik Farms.

Raman Aggarwal, another resident, questioned as to what work needs to be done by the Centre when the development norms and the house charges have been already notified by the government. Additionally, Aggarwal's petition challenging the classification of affluent and non-affluent colonies is also pending adjudication in the high court.

#### Govt teams to monitor industrial waste: Rai

**New Delhi:** Delhi environment minister Gopal Rai on Friday said the government would deploy 141 patrolling teams during daytime and 108 patrolling teams during the night to monitor the dumping of industrial waste.

A review meeting on industrial pollution headed by Rai was attended by officials from Delhi Pollution Control Committee (DPCC), the environment department, DSIIDC, MCD, DDA and others.

Rai said: "In the industrial pollution campaign, it has been decided to deploy 141 patrolling teams of 472 personnel during the day and 108 patrolling teams of 397 personnel at night to monitor the dumping of industrial waste in Delhi. Besides, 33 teams of DPCC and DSIIDC have been deployed for continuous inspection of industrial units." **TNN**

# Cannot Penalise Residents Because They Are Rich: HC

## HC Questions Distinction Of Affluent & Non-Affluent

Abhinav.Garg@timesgroup.com

**New Delhi:** Authorities can't penalise residents because they are rich and keep them "in limbo", Delhi High Court said on Friday while taking note of the Centre's stand that its priority for grant of legal tag was non-affluent unauthorised colonies.

"You can't keep harping on affluent, non-affluent...you can't penalise them because they are rich. They spend huge amounts of money in construction...these colonies didn't come up overnight," a bench of Chief Justice S C Sharma and Justice Subramonium Prasad orally observed while hearing petitions by some Sainik Farms residents, who sought permission for minor repairs and renovations.

"You have to take a decision whether to regularise these unauthorised colonies or not. You are keeping eno-

#### HC TO CENTRE

**You have to take a decision whether to regularise these unauthorised colonies or not. You are keeping enough house owners in limbo**

ugh house owners in limbo. These colonies came up right under your nose," the bench told the Centre. It, however, made it clear to the residents that it would not give any permission for repairs in unauthorised colonies saying since it was for DDA, Centre and Delhi government to take a call.

Additional solicitor general Aishwarya Bhati, representing the Centre, apprised the court about the meeting of a high-powered committee on Thursday where it was discussed that

the status of affluent unauthorised colonies remained the same. Bhati submitted that no special privilege to grant relaxation in the existing rules was given to affluent unauthorised colonies under the National Capital Territory of Delhi (Special Provisions) Act.

The minutes of the meeting stated that the buildings were constructed in affluent unauthorised colonies that were in clear violation of land use and layout plans, and the existing buildings in those colonies were protected against any punitive action till December 31, 2023, under the Act.

Bhati submitted that the Centre would expedite a policy decision in respect of these colonies since the deadline ends this year. The bench told the ASG to resolve the issue at the earliest and asked the Centre to file a status report while listing the matter for August 25.

## यमुना बाढ़ संभावित क्षेत्र में बना सकते हैं लाइटहाउस : एनजीटी

जागरण संवाददाता, नई दिल्ली : एनजीटी ने यमुना के बाढ़ संभावित क्षेत्र में अतिरिक्त निगरानी और सुरक्षा के लिए ग्रीन-वे में लाइटहाउस बनाने में कोई आपत्ति नहीं जताई है। न्यायमूर्ति आदर्श कुमार गोयल की पीठ ने शुक्रवार को पारित एक आदेश में कहा कि यदि यह उच्च-स्तरीय समिति द्वारा स्वीकृत है और बाढ़ के मैदानी क्षेत्र की सुरक्षा के लिए है, तो इसे बनाया जा सकता है।

न्यायमूर्ति ने कहा कि यह ट्रिब्यूनल के 13 जनवरी, 2015 के आदेश के पैरा 80 और गंगा नदी (कायाकल्प, संरक्षण और प्रबंधन) प्राधिकरण आदेश 2016 के तहत यह निर्माण अनुमति देने के दायरे में है। ट्रिब्यूनल ने कहा कि लाइट हाउस बनाने के लिए पर्यावरण के प्रबंधन के साथ ही परियोजना की पूरी जानकारी देनी होगी। अधिसूचित बाढ़ मैदानी क्षेत्र में डिजाइन,

कहा-अवैध निर्माण रोकने के लिए जरूरी है, इसके निर्माण का मूल्यांकन राष्ट्रीय स्वच्छ गंगा मिशन द्वारा किया जाना चाहिए

पावर बैकअप जैसी व्यवस्थाओं और निर्माण कब तक होगा इसका विवरण भी देना होगा। निर्माण का मूल्यांकन राष्ट्रीय स्वच्छ गंगा मिशन द्वारा किया जाना चाहिए। यदि सभी प्रासंगिक मापदंडों पर विचार करते हुए अनुमति दी जाती है तो यमुना के बाढ़ क्षेत्र की सुरक्षा के लिए सुरक्षा उपायों को अपनाया जाना चाहिए।

डीडीए ने किया था आवेदन: एनजीटी ने कहा कि यह निर्देश डीडीए द्वारा पेश एक हस्तक्षेप आवेदन की सुनवाई के दौरान आया। डीडीए का कहना था कि बाढ़ संभावित क्षेत्र में किसी भी निर्माण व अतिक्रमण पर रोक के मद्देनजर लाइट हाउस आवश्यक है।

## यमुना के किनारे लाइटहाउस बनेगा

नई दिल्ली, प्र. सं.। नेशनल ग्रीन ट्रिब्यूनल ने डीडीए को यमुना किनारे हरित क्षेत्र (ग्रीनवे) में लाइटहाउस लगाने की इजाजत दे दी। इससे न सिर्फ यमुना नदी के बाढ़ क्षेत्र/खादर में अतिक्रमण व अनाधिकृत निर्माण की निगरानी की जा सकेगी बल्कि लोग नदी किनारे के मनोरम दृश्यों का नजारा भी ले सकेंगे।

एनजीटी प्रमुख जस्टिस एके. गोयल की अगुवाई वाली पीठ ने सभी तथ्यों और पर्यावरण कानूनों पर गौर करने के बाद कहा है कि 'हमारा विचार है कि नदी किनारे लाइटहाउस स्थापित किए जाने पर सैद्धांतिक रूप से कोई आपत्ति नहीं हो सकती है, यदि यह उच्च-स्तरीय समिति द्वारा अनुमोदित है और नदी के बाढ़ क्षेत्र की सुरक्षा के लिए है।'

## NGT's nod to watch tower on river plains

**Jasjeev Gandhiok**

letters@hindustantimes.com

**NEW DELHI:** The National Green Tribunal (NGT) has given its in-principle approval to the Delhi Development Authority (DDA) for the construction of a lighthouse in the greenway of the Yamuna floodplains for surveillance of the area.

The project, however, will still require a clearance by the National Mission for Clean Ganga (NMCG), a bench headed by NGT chairperson Justice Adarsh Kumar Goel said during a hearing held on Friday, the order of which was released on Saturday. ".... We are of the view that on principle, there can be no objection to the proposal if its approved by the HLC (NGT-appointed high-level committee) and is meant for protection of flood plain zone and is within the purview of permissible

activity in terms of para 80 of the order of this Tribunal dated January 13, 2015 and the River Ganga (Rejuvenation, Protection and Management) Authorities Order, 2016," said the bench in its order.

The HLC in January this year approved the lighthouse project, which is planned to come up on Asita West - one of the 10 restoration projects DDA is undertaking on the Yamuna floodplains by removing encroachments and planting native species.

Bhim Singh Rawat, an activist and member of the South Asia Network on Dams, Rivers and People (SANDRP), said a tab on encroachments can be kept by deploying security guards and using CCTV cameras, stating there was no need to construct such a structure. "The sanctity of the floodplains should be preserved," he said.

## NGT's Nod For Lighthouse Near Yamuna Floodplain

### Will Be Part Of Asita West Project, NMCG To Study Details

TIMES NEWS NETWORK

**New Delhi:** National Green Tribunal (NGT) has given its approval to Delhi Development Authority (DDA) for constructing a "lighthouse" in the greenway near the Yamuna for additional surveillance and security of the floodplain. It was earlier approved by a high-level committee (HLC), which was formed by the tribunal for the river's rejuvenation.

However, a bench headed by NGT chairperson Justice Adarsh Kumar Goel said the project would require further vetting by National Mission for Clean Ganga (NMCG).

"We are of the view that on principle, there can be no objection to the proposal if it's approved by the HLC and is meant for protection of the floodplain zone and is within the purview of permissible activity in terms of para 80 of the order of this tribunal dated January 13, 2015 and the River Ganga (Rejuvenation, Protection and Management) Authorities Order, 2016," said the

File photo

**UNDER REVAMP:** Under the Asita West project, DDA is carrying out the revival of the floodplain through forests and grasslands and through the creation of waterbodies and catchment zones

bench in its order, which was uploaded on Saturday.

"NMCG may further examine details of the project with its location in context of notified floodplain zone, structural designs, maintenance infrastructure like power backup, basic amenities support and construction period with integrated environmental management requirements," it added.

According to the DDA's plea, the lighthouse will form a part of the Asita West project, where they are carrying out the revival of the floodplain through forests and grasslands and through the creation of waterbodies and catchment zones. There is also the provision of 75 to 100-metre wide belts along the embankments, which are being developed as greenways, with both walking

and cycling trails to be there for public involvement. The lighthouse is likely to occupy an area of 75-100 square metres and its height may be between 20 and 25 metres.

NGT stated that DDA had planted around 5,700 trees of native varieties and 52 lakh riverine grasses in the approximately 200-hectare-long area. It also noted that a wetland of about 7.4 hectares had been restored.

The tribunal said that in dearth of existing urban spaces in Delhi for recreation of the public at large, the lighthouse would create a one-of-its-kind urban space. "Lighthouse serves as a major attraction for the public as a watch tower (for controlled use) by the visitors of this area, thereby also adding to the revenue generation and carrying forward the resolve of involvement of the public at large in this development. (DDA's) vision is to ensure that the Yamuna floodplain will be accessible and attractive to the residents of Delhi-NCR," it added.

## PWD plans flyover in Rohini to improve connectivity of N Delhi, Outer Ring Road

HT Correspondent

letters@hindustantimes.com

**NEW DELHI:** The Public Works Department (PWD), which intends to build a flyover in Rohini's Budh Vihar area to improve connectivity in the congested north-west Delhi region, has begun the process of hiring a consultant to study the feasibility of the flyover along the drain, said officials familiar with the matter on Sunday.

"The feasibility study will look at different alignments for the flyover that will pass over the Budh Vihar drain junction. This intersection has a red-light traffic intersection that is always congested. The flyover is expected to reduce traffic congestion from the Outer Ring Road to North Delhi's Kanjhaw-

ala belt. In addition, it will facilitate movement between the areas of Rithala, Karala, Rohini, and Mangolpuri," said a PWD official aware of the plans.

The bids for the study were invited on Saturday, and the report is expected to be published within 30 days, according to the official. The feasibility study will include a regional survey, a traffic volume count over a 24-hour cycle, and a weekly variation in traffic volume. "The survey will be followed by data analysis to determine the need for and specifications of the flyover by analysing peak hour traffic flow and intersection load. The consultant will also prepare the project's detailed plan, drawings, footpaths, and other associated infrastructure," the official added.

**THE BIDS FOR THE STUDY WERE INVITED ON SATURDAY, AND THE REPORT IS EXPECTED TO BE PUBLISHED WITHIN 30 DAYS, AN OFFICIAL SAID**

To be sure, it could be years before any flyover construction begins, as PWD will need to navigate and get approval for the idea through the Delhi Development Authority's planning section, UTTIPEC (Unified Traffic and Transportation Infrastructure [Planning and Engineering] Centre), clearance from a slew of

agencies including Delhi Metro Rail Corporation, government sanction of funds, and satisfy all stakeholders before any work begins on the ground at all. "We will need to justify the need for the flyover before UTTIPEC," an official added.

"A cost-benefit analysis of the scheme will be done in terms of economic costs, fuel savings, time savings, environmental costs, and social costs in implementing the scheme," the official said.

Last month, the agency began conducting similar feasibility studies for the development of eight railway over-bridges and under-bridges along railway line crossings in Outer Delhi areas located along three major railway lines passing through the city.

## प्रदूषण नियंत्रण के लिए 33 दल गठित : गोपाल राय

नई दिल्ली (एसएनबी)। दिल्ली के पर्यावरण मंत्री गोपाल राय ने शुक्रवार को कहा कि सरकार ने औद्योगिक इकाइयों की लगातार निगरानी करने और शहर में प्रदूषण को नियंत्रित रखने के लिए 33 दलों का गठन किया है।

गोपाल राय ने दिल्ली प्रदूषण नियंत्रण समिति (डीपीसीसी), दिल्ली राज्य औद्योगिक और बुनियादी ढांचा विकास कॉरपोरेशन (डीएसआईआईडीसी), दिल्ली नगर निगम (एमसीडी), पर्यावरण विभाग और दिल्ली विकास प्राधिकरण (डीडीए) के साथ औद्योगिक प्रदूषण पर समीक्षा बैठक में उक्त

बात कही। उन्होंने कहा कि औद्योगिक कचरा फेंकने की निगरानी के लिए दिन में 472 कर्मियों वाले 141 गश्ती दलों और रात में 397 कर्मियों वाले 108 गश्ती दलों की तैनाती की जाएगी।

उन्होंने कहा कि ये दल दिल्ली में सभी औद्योगिक इकाइयों की निगरानी करेंगे और प्रदूषण नियंत्रित करने के लिए तत्काल कदम उठाएंगे। मंत्री ने कहा कि दलों की निगरानी के आधार पर समय-समय पर पर्यावरण विभाग को रिपोर्ट सौंपी जाएगी। उन्होंने कहा कि डीपीसीसी की टीम को पर्यावरण नियमों का उल्लंघन करने वाली इकाइयों के खिलाफ कड़ी कार्रवाई का निर्देश दिया गया है।

## Govt constituted 33 teams to inspect industrial units in city: Rai

STAFF REPORTER ■ NEW DELHI

The Delhi government has constituted 33 teams to regularly inspect industrial units and bring pollution in the city under control, Environment Minister Gopal Rai said on Friday.

He was speaking at a review meeting on industrial pollution with officers of Delhi Pollution Control Committee (DPCC), Delhi State Industrial and Infrastructure Development Corporation (DSIIDC), Municipal Corporation of Delhi (MCD), environment department and Delhi Development Authority (DDA). "It has been decided to deploy 141 patrolling teams comprising 472 personnel during the day time and 108 patrolling teams comprising 397 personnel at night from three departments all over Delhi to monitor dumping of industrial waste.

"As many as 1,721 registered industrial units in Delhi have switched to PNG," Rai said. The teams will oversee all industrial units in Delhi and implement immediate measures to curb pollution, he said.

Periodic reports will be submitted to the environment department based on their findings and the DPCC team has been instructed to take strict action against any industrial unit found violating environmental regulations, he said.

## औद्योगिक इकाइयों पर होगी सख्त कार्रवाई: राय

नई दिल्ली, (पंजाब केसरी): दिल्ली में औद्योगिक इकाइयों द्वारा पर्यावरण नियमों के उल्लंघन करने पर सख्त कार्रवाई होगी। इस आशय से शुक्रवार को दिल्ली के पर्यावरण मंत्री गोपाल राय ने दिल्ली प्रदूषण नियंत्रण समिति (डीपीसीसी) को निर्देश दिए हैं। शुक्रवार को दिल्ली के पर्यावरण मंत्री गोपाल राय ने औद्योगिक प्रदूषण को लेकर दिल्ली सचिवालय में समीक्षा बैठक की।

बैठक में डीपीसीसी, पर्यावरण विभाग, डीएसआईआईडीसी, राजस्व, एमसीडी, डीडीए आदि के अधिकारी मौजूद रहे। बैठक के बाद राय ने बताया कि दिल्ली में औद्योगिक इकाइयों के लगातार निरीक्षण के लिए डीपीसीसी और डीएसआईआईडीसी की 33 टीमों का गठन किया गया है। राय ने बताया कि गर्मियों के मौसम में होने वाले प्रदूषण की समस्या से निपटने के लिए 1 मई को सीएम अरविंद के जेरीवाल द्वारा 14 फोकस प्वाइंट पर आधारित समर एक्शन प्लान की घोषणा की गई थी। दिल्ली में वायु प्रदूषण में और सुधार लाने के लिए

अधिकारियों के साथ समीक्षा बैठक करते गोपाल राय।

समर एक्शन प्लान के तहत औद्योगिक प्रदूषण पर निगरानी और उसके अपशिष्ट प्रबंधन का कार्य शुरू हो गया है। औद्योगिक प्रदूषण अभियान के तहत पूरी दिल्ली में 3 विभागों की 472 कर्मियों की 141 पेट्रोलिंग टीम दिन में और 397 कर्मियों की 108 पेट्रोलिंग टीम रात में औद्योगिक अपशिष्ट की डंपिंग की निगरानी के लिए तैनात करने का निर्णय लिया गया है। साथ ही डीपीसीसी और डीएसआईआईडीसी की 33 टीमों

औद्योगिक इकाइयों के लगातार निरीक्षण के कार्य में तैनात की गई हैं। यह सभी टीमों दिल्ली में सभी औद्योगिक इकाइयों पर निगरानी रखने और उनके द्वारा प्रदूषण को रोकने के लिए त्वरित कदम उठाने का कार्य करेगी। जिसकी रिपोर्ट समय समय पर पर्यावरण विभाग को प्रेषित की जाएगी। डीपीसीसी की इस टीम को औद्योगिक इकाइयों द्वारा पर्यावरण नियमों के उल्लंघन करने पर सख्त कार्रवाई करने का भी आदेश जारी किया गया है।

### डीपीसीसी को जारी किए गए यह निर्देश

पर्यावरण मंत्री गोपाल राय ने समीक्षा बैठक में डीपीसीसी को औद्योगिक अपशिष्ट प्रबंधन योजना तैयार करने के निर्देश के साथ कई और निर्देश भी दिए हैं। राय ने डीपीसीसी को यह भी निर्देश दिया कि औद्योगिक क्षेत्रों से औद्योगिक कचरे का नियमित उठान और उचित वैज्ञानिक निपटान सुनिश्चित करें। वहीं उद्योगों को केवल अनुमोदित ईंधन पर ही संचालित किया जाए।

पर्यावरण मंत्री गोपाल राय ने बताया कि साथ ही दिल्ली की 1721 पंजीकृत औद्योगिक इकाइयों को पीएनजी में परिवर्तित कर दिया गया है और यदि कोई भी औद्योगिक इकाई पर्यावरण के नियमों का उल्लंघन करते पाई जायेगी, उस पर सम्बंधित विभाग द्वारा उचित और सख्त से सख्त कार्रवाई की जाएगी।

## अतिक्रमण पर चला पीला पंजा

पश्चिमी दिल्ली, (पंजाब केसरी): टीकरी बॉर्डर स्थित पीवीसी मार्केट में अतिक्रमण पर पीला पंजा चलाया गया। अतिक्रमण पर यह कार्रवाई शुक्रवार को डीडीए द्वारा की गई। जानकारी के अनुसार पीवीसी मार्केट में कुछ दबंग लोगों द्वारा डीडीए की जमीन और बस स्टैंड व आसपास की सड़क पर अवैध कब्जा कर उस को किराया पर उठा रखा था, जिससे वह हर महीने करोड़ों रुपए की कमाई कर रहे थे। जिसकी शिकायत जब डीडीए को दी गई तो इस बनी हुई अवैध दुकानों को कार्रवाई करते हुए हटाया। सूत्रों के माने तो आगे भी यहां से अतिक्रमण को हटाया जाएगा।
